INTRODUCTION

The data for this profile has been obtained from the 1986 Census of Population conducted by Statistics Canada. It has been derived primarily from the ethnic origin question on the 2B census form which covered a 20% sample of the population, excluding institutional residents. In the Northern non-urbanized areas of Manitoba, most households were enumerated with the 2B form to provide greater accuracy.

Data collected from the ethnic origin question, which asks whether respondents are North American Indian, Metis or Inuit, is a reflection of the respondents' own perceptions regarding their ethnic background and cultural group.

Table 1 provides an across Canada overview for persons with aboriginal origins only (ie. persons with single aboriginal origins or multiple aboriginal origins, with no non-aboriginal origins).

Table 2 presents data on the aboriginal origin of Manitoba's aboriginal population (ie. persons with at least one aboriginal origin) on a Census Division basis.

Tables 3, 4 & 5 in Appendix I provide data on a wide range of social characteristics. Each of these tables consists of three pages of data; page 1 for comparisons of the aboriginal population with the populations of Manitoba and Canada, page 2 for persons with aboriginal origins only and page 3 for persons with aboriginal and non-aboriginal origins.

In Appendix II, Table 6 presents the aboriginal distribution of Manitoba at the Census Subdivision level and Table 7 presents ethnic characteristics for Indian Reserves and settlements in Manitoba.

During the 1986 Census of Population, enumeration was not permitted or was interupted on 136 Indian Reserves and settlements across Canada. This represents an estimated 45,000 persons missed by the census. In Manitoba, 16 Indian Reserves representing an estimated 8,200 people, mostly aboriginal, were missed for this reason. Data for these reserves therefore are not available, and are not included in tabulations.

In Manitoba, the 16 unenumerated reserves are as follows:

Crane River 51	Fort Alexander 3	Rolling River 67
Dakota Plains 6A	Jackhead 43	Roseau Rapids 2A
Dakota Tipi 1	Long Plain 6 (2 parts)	Roseau River 2
Dauphin River 48A	Peguis 1B	Sandy Bay 5
Ebb and Flow 52	Pine Creek 66A	Lizard Point 62

For inquiries regarding this report, or to obtain additional information, contact David Greenwood of the Manitoba Bureau of Statistics at (204) 945-2989.

DATA HIGHLIGHTS

Table 1, which compares the aboriginal only population of Manitoba, with that of Canada and the other provinces, shows that 5.4% of the population of Manitoba have aboriginal origins only. The population of the Northwest Territories is 53.0% aboriginal only , as is 14.2% of the Yukon and 5.7% of Saskatchewan. The aboriginal only component is less significant for the remaining provinces, and comprises 1.5% of the population of Canada.

In Manitoba, 40.9% of the aboriginal only population have an Aboriginal language as their Mother Tongue. This figure is surpassed only in the Northwest Territories (68.8%), Nova Scotia (49.6%), New Brunswick (47.6%) and Quebec (46.0%).

In Manitoba, 42.6% of the aboriginal only population aged 15 and over have less than a grade 9 education and 6.3% have attended university. Both of these figures are higher than the Canadian averages; 37.8% have less than grade 9 and 5.4% have some university.

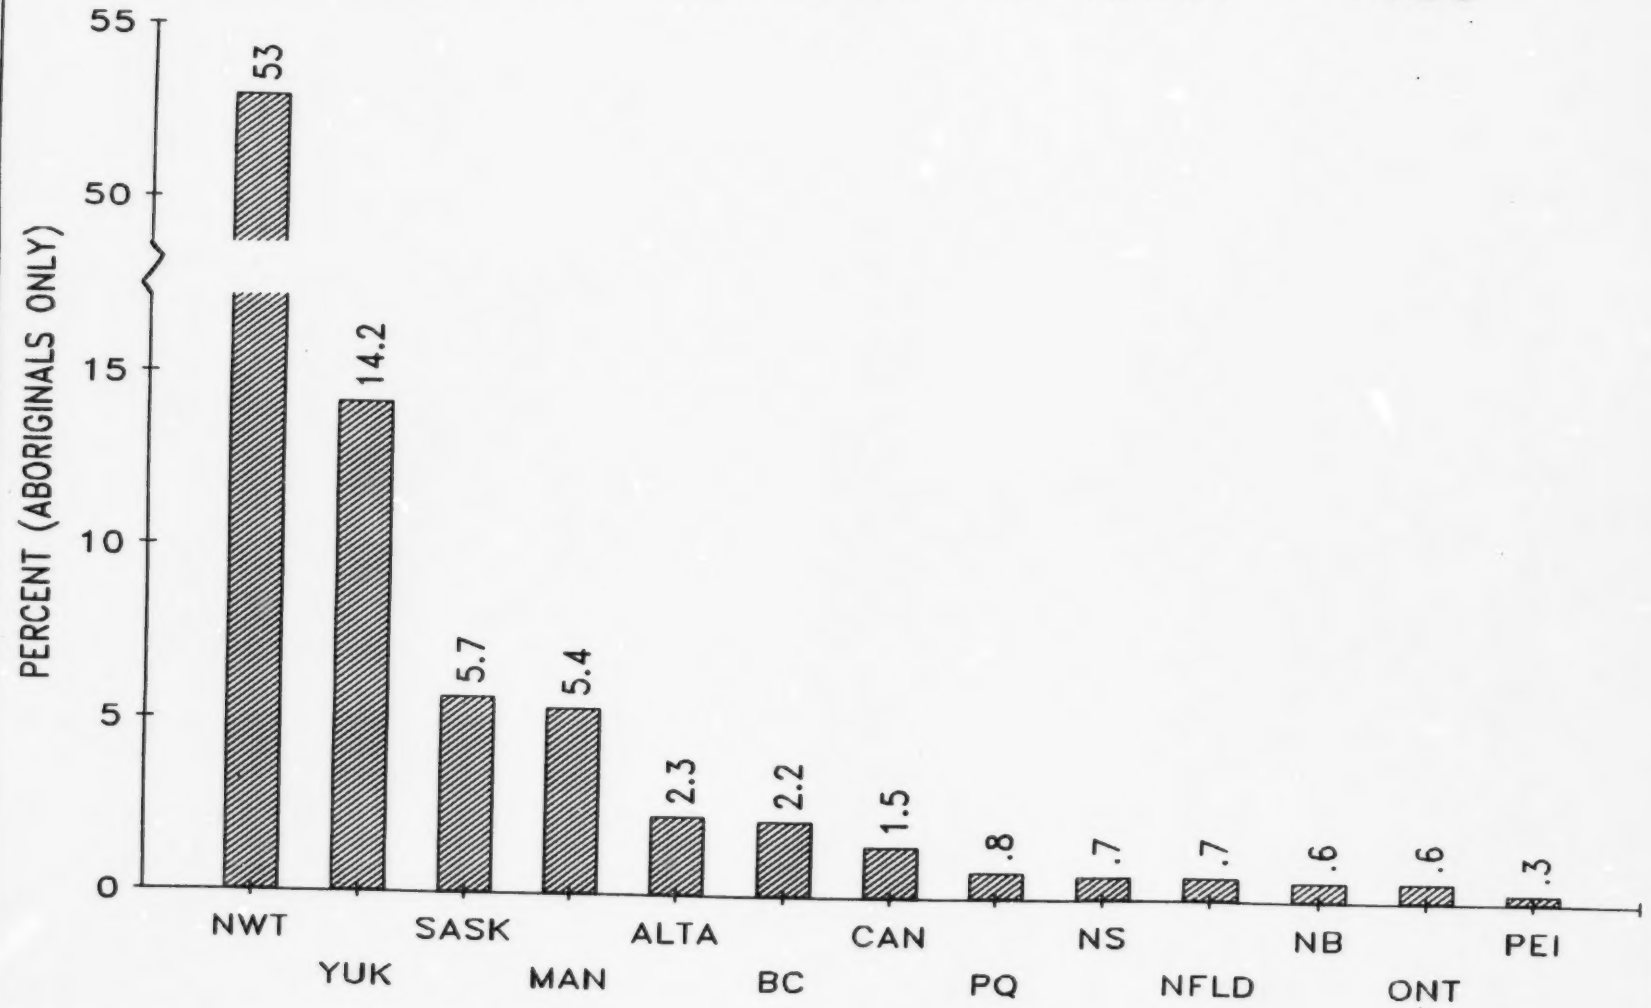
Participation Rates for Manitoba's aboriginal only population are lower than Canada's, and Unemployment Rates for Manitoba's aboriginal only population are higher than Canada's, for both males and females.

Table 2 presents the distribution of the aboriginal population of Manitoba on a Census Division basis. Although aboriginal persons living in Census Suddivisions with less than 40 aboriginals are not represented, Table 2 is useful in decribing where aboriginal persons live in Manitoba, and what their aboriginal origins are.

Of the 83,975 aboriginals included in this table, 27,485 (32.7%) live in Census Division 11 (Winnipeg), 18,155 (21.6%) live in division 22, 8,115 (9.7%) live in division 19, 7,120 (8.5%) live in division 21 and 4,940 (5.9%) live in division 23. Census Divisions 7, 13, 17 and 18 have between 2 and 4 percent of the aboriginal population of Manitoba, and the remaining divisions have less than 2 percent.

Aboriginals in the two divisions with the largest aboriginal populations (divisions 11 and 22) differ greatly in aboriginal origin. The single origin, North American Indian accounts for 28.2% of division 11 aboriginals and 82.1% of division 22 aboriginals. The remaining aboriginals in division 22 are 4.2% North American Indian and non-aboriginal, 7.2% Metis, 3.3% Metis and non-aboriginal and 2.9% Other Multiple Aboriginal (ie. at least two aboriginal origins with or without non-aboriginal origins). The remaining aboriginals in division 11 are 20.8% North American Indian and non-aboriginal, 18.2% Metis, 25.6% Metis and non-aboriginal, 0.4% Inuit, 0.4% Inuit and non-aboriginal and 6.4% Other Multiple Aboriginal.

PERSONS WITH ABORIGINAL ORIGINS ONLY AS A PERCENTAGE OF TOTAL POPULATION CANADA AND PROVINCES BY RANK - 1986



STATISTICS CANADA 1986 CENSUS

MAY, 1989

From Table 3, the population of Manitoba in 1986, excluding residents of institutions and the estimated 8,200 residents of incompletely enumerated Indian reserves, is estimated at 1,049,320 persons. Of these, 8.1% or 85,235 persons have at least one aboriginal origin. In Canada, 2.8% or 711,725 persons have an aboriginal origin.

Of the 85,235 aboriginals in Manitoba, 56,915 (66.8%) have aboriginal origins only, while 28,320 (33.2%) have at least one aboriginal origin in combination with at least one non-aboriginal origin.

Of the 56,915 persons with aboriginal origins only, 40,960 (72.0%) have the single origin North American Indian, 14,270 (25.1%) have the single origin Metis, 185 (0.3%) have the single origin Inuit and 1,500 (2.6%) have multiple aboriginal origins.

Of the 28,320 persons with a combination of aboriginal and non-aboriginal origins, 10,510 (37.1%) are North American Indian, 14,605 (51.6%) are Metis, 200 (0.7%) are Inuit and 3,005 (10.6%) have at least two aboriginal origins and at least one non-aboriginal origin.

Large differences exist between the two major sub-groups of aboriginals in Manitoba; those with aboriginal origins only and those with aboriginal and non-aboriginal origins. Table 3 shows that 52.3% of the aboriginal only group and 91.4% of the aboriginal non-aboriginal group speak English at home, while 31.3% of the aboriginal only group and 1.0% of the aboriginal non-aboriginal group speak Aboriginal languages at home.

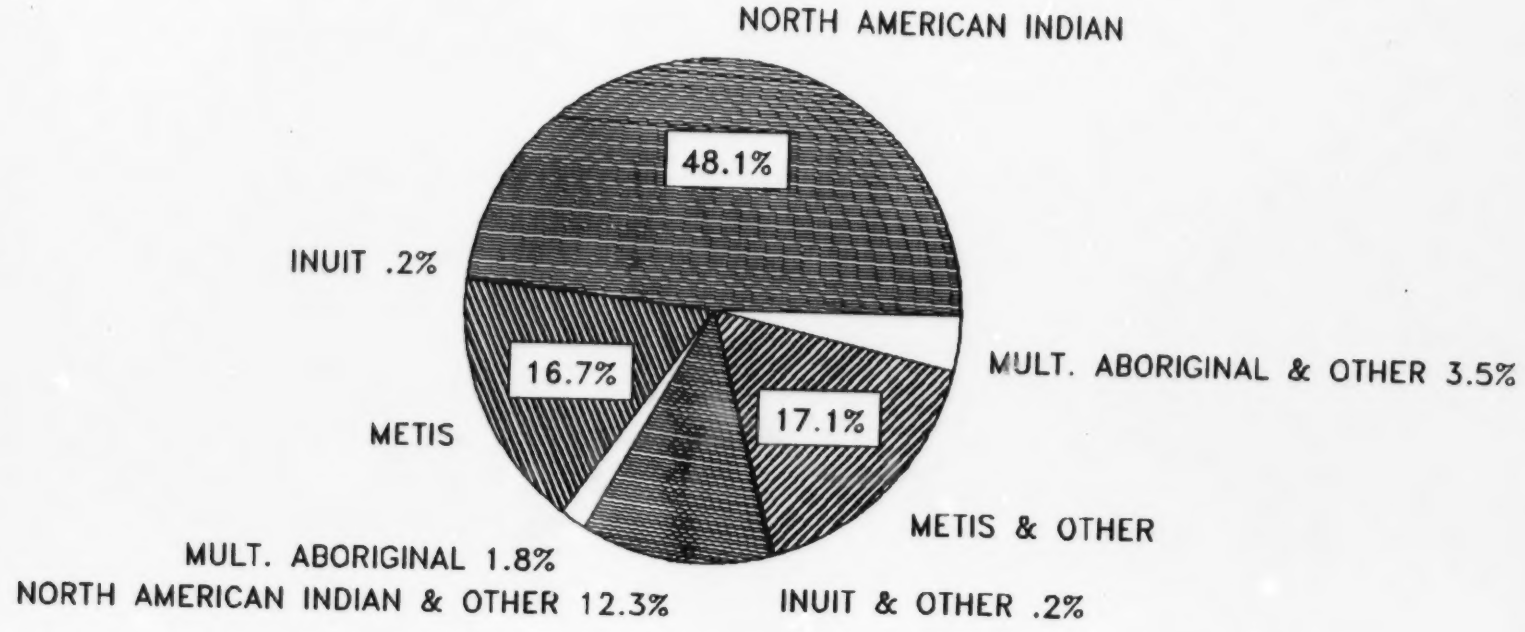
From the aboriginal only section of Table 3, 5.2% of single origin Metis and 0.0% of single origin Inuit speak Aboriginal languages at home. However, 40.7% of single origin North American Indians and 26.3% of multiple origin aboriginals have an Aboriginal language as their Home Language.

Table 4 provides comparisons on the level of education achieved by different segments of the population. In Manitoba, 19.0% of persons aged 15 and over have attended or completed university. This percentage drops to 8.6% for those aged 15 and over with at least one aboriginal origin. The percentage of those with only aboriginal origins is 6.3%, and for those with aboriginal and non-aboriginal origins is 13.0%.

Other Post-secondary education was specified by 12.7% of Manitobans aged 15 and over, 13.7% of those with aboriginal and non-aboriginal origins and 6.4% of those with aboriginal origins only. Less Than Grade 9 was specified by 18.2% of Manitobans, 17.7% of those with aboriginal and non-aboriginal origins and 42.6% of the 14,725 Manitobans with aboriginal origins only, aged 15 and over.

ABORIGINAL POPULATION OF MANITOBA BY ABORIGINAL ORIGINS - 1986

PERCENT SHARE OF TOTAL ABORIGINALS - 85,235



DATA SOURCE: STATISTICS CANADA 1986 CENSUS

MAY, 1989

In Manitoba 11.5% of people aged 15 and over had No Income in 1986, compared to 21.8% of aboriginals aged 15 and over; 24.4% of those with aboriginal origins only and 16.6% of those with aboriginal and non-aboriginal origins.

In 1986, average income among Manitobans was $16,796 compared to $10,672 for aboriginals; $9,149 among those with aboriginal origins only and $13,408 among those with aboriginal and non-aboriginal origins. Among single origin Inuit, females, on average, had more income than males; $10,069 for females and $10,007 for males. However, females with Inuit and non-aboriginal origins had an average income of only $6,240 compared to $16,461 for males.

The labour force statistics in Table 5 show great differences between Manitoba's aboriginals and Manitobans in general. The Participation Rate of Manitobans aged 15 and over was 66.5% in 1986, compared to 53.0% for Manitobans with aboriginal origins; 45.3% for those with aboriginal origins only and 68.5% for those with aboriginal and non-aboriginal origins.

The Unemployment Rate in Manitoba was 7.6% in 1986. Among persons with aboriginal and non-aboriginal origins the Unemployment Rate was 16.6%, and among persons with aboriginal origins only the rate was 33.7%.

In Manitoba, six occupational groups employed a greater percentage of the aboriginal labour force than the total labour force: Social Sciences with 2.1% of the labour force and 4.7% of the aboriginal labour force, Artistic/Literary/Recreational with 1.3% of the labour force and 1.4% of the aboriginal labour force, Services with 12.8% of the labour force and 15.9% of the aboriginal labour force, Processing with 2.2% of the labour force and 2.5% of the aboriginal labour force, Construction Trades with 6.1% of the labour force and 10.9% of the aboriginal labour force and Other Occupations with 1.8% of the labour force and 4.0% of the aboriginal labour force.

MAY, 1989

DEFINITIONS

i) **ABORIGINAL ORIGINS** - Include the ethnic origins of North American Indian, Metis and Inuit. All other origins are non-aboriginal.

TOTAL ABORIGINAL ONLY - Includes all persons who have a single aboriginal origin, or a combination of aboriginal origins and do not have any non-aboriginal origins.

TOTAL ABORIGINAL NON-ABORIGINAL - Includes all persons who have at least one aboriginal origin in combination with at least one non-aboriginal origin.

TOTAL ABORIGINAL - Includes all persons who have at least one aboriginal origin, regardless of what other origins they may or may not have.

ii) **MOTHER TONGUE** - Refers to the first language learned in childhood, and still understood by the individual at census time.

iii) **HOME LANGUAGE** - Refers to the language most often spoken at home by the individual.

iv) **MOBILITY STATUS**

NON-MIGRANTS - Refers to persons who, on Census Day, were living in the same census subdivision as they resided in five years earlier.

NON-MOVERS - Refers to persons who, on Census Day, were living in the same dwelling they occupied five years earlier.

MOVERS - Refers to persons who, on Census Day, were living in a different dwelling than they occupied five years earlier.

MIGRANTS - Refers to movers who were living in a different census subdivision within Canada five years earlier (internal migrants), or who were living outside Canada five years earlier (external migrants).

v) **HIGHEST LEVEL OF EDUCATION**

LESS THAN GRADE 9 - Refers to persons with less than a grade 9 education, including persons with "No Schooling or Kindergarten Only".

OTHER POST SECONDARY - Refers to persons with non-university courses requiring secondary school graduation, including community college or CEGEP, but excluding trades certificates or diplomas.

UNIVERSITY - Refers to persons with a university education only, or in combination with other non-university education.

vi) **TOTAL INCOME** - Refers to the sum of all income from all sources, including wages and salaries earned, self-employment income, income from government sources, interest income, pensions and other money income.

vii) **LABOUR FORCE**

TOTAL LABOUR FORCE - Refers to all persons who were either employed or unemployed during the week prior to enumeration (June 3, 1986).

NOT IN LABOUR FORCE - Refers to all persons who were unwilling or unable to offer or supply their labour services under conditions existing in the labour market, during the week prior to enumeration.

viii) **OCCUPATIONAL GROUPS** - These have been derived using the 1980 Standard Occupational Classification (SOC).

APPENDIX I
